About this document

This document contains information regarding the teaching profession in Scotland. The information that GTC Scotland is able to hold on its register is set out in the Teachers' Registration (Scotland) Rules 2004.

About GTCS

The General Teaching Council for Scotland is the independent professional body which maintains and enhances teaching standards and promotes and regulates the teaching profession in Scotland. We strive to be a world leader in professional education issues. The General Teaching Council for Scotland aims to promote equality and diversity in all its activities.

Self government

On January 30 2008 the First Minister of Scotland announced the proposal of the Scottish Government to establish GTC Scotland as a self-regulating profession-led body, along the lines of the General Medical Council. The Public Services Reform (General Teaching Council for Scotland) Order 2011 makes the necessary changes to GTC Scotland to make us an independent body and significantly update our constitution. The Order completely repeals the Teaching Council (Scotland) Act 1965 which is the current statutory basis for GTC Scotland. The consultation document invites comments on the proposed Draft Order and will run until 22 November 2011.

Introduction

Introduction to this Digest

This is the sixth Statistical Digest produced by GTC Scotland from its register of qualified teachers. The GTC Scotland Register holds detailed information regarding the teaching profession in Scotland. The information that the Council is able to hold on its register is set out in the Teachers' Registration (Scotland) Rules.

In this digest, the numbers of registered teachers (and two specific sub-categories) are split by voting category, age, gender and sector. In addition, the numbers of Probationer teachers currently participating in the Teacher Induction Scheme are split by sector, age and gender.

Criteria and terms used

The data contained in the Digest is based on the following general criteria:

- Registered Teachers refers to qualified teachers currently employed in Local Authority schools where registration is a requirement. Other qualified teachers employed in Independent schools, higher education and in further education are encouraged to register.
- Fully Registered Teachers refers to those teachers who are fully registered with the Council, while Head Teacher refers to a teacher currently employed in a Head Teacher's post

- Provisionally Registered Teachers refers to probationer teachers who have completed an approved initial teaching qualification. Some teachers will have been given provisional registration through an Exceptional Admissions route.
- Probationer Teachers refers to teachers registered on the Teacher Induction Scheme, aiming to meet the requirements of the Standard for Full Registration, and form a subset of provisionally registered teachers. Probationer teachers are employed in Primary and Secondary schools only.
- The census date for the data taken from the Register is 31 March 2010.
- Comparison date (where applicable) is taken from the Register of 31 March 2009.
- Data is continuously updated on the Register. The data recorded is a real-time snapshot and can increase or decrease.
- This version of the statistical digest includes two additional categories of registered teachers; chartered teachers and teachers employed in Non-Local Authority schools split by gender, voting category and age range.

The management and publication of all information from the GTC Register of qualified teachers is in keeping with Data Protection legislation and safeguards against the publication of data about individuals.
